

Poultry Pharm Energy Plus

Product Description:

A complementary feeding stuff for poultry, providing metabolisable energy, liver support, and specific plant extracts to aid healthy digestion in broilers and layers. Use especially during and following instances: reduced feed intake, poor feed utilization, where birds appear depressed or where energy supply is sub-optimal to maintain normal growth or sufficient flock welfare. Improves FCR during first days of life, at peak performance and growth, diet change or periods of risk from poor digestion of feed.

Functional Ingredients:

Sorbitol Providing available energy to help maintain active feeding behaviour and encourage performance.
Plant Extracts Included to aid digestive activity by helping to sustain normal gut function and nutrient utilisation, including high energy fats.
L Carnitine To assist with the utilisation of fat from feed and

the bird's body reserves.

Choline, Betaine and Selected Amino Acids Chosen specifically to support normal liver function, allowing for effective metabolism. Helps to reduce the liver load, particularly in layers.

B Complex Vitamins Support metabolic activity associated with energy production, particularly following stress.

Specification:

Specification per Lt of product: Ingredient	Unit	Amount
Sorbitol	Mg	480,000
Choline Chloride	Mg	50,000
Methionine	Mg	10,000
Artichoke Extract	Mg	4,500
Gentiana Extract	Mg	4,500
L Carnitine	Mg	50,000
Vitamin B1	Mg	800

Vitamin B2	Mg	800
Vitamin B12	Mcg	8,000
Vitamin B6	Mg	800
Betaine	Mg	50,000

Composition:

Sorbitol, Potassium chloride.

Product Usage:

Dilute 500 -1000ml in 1000 litres (0.5ml -1ml per 1l) of clean drinking water. Use for 3-5 days depending on veterinary advice.

Physical Characteristics:

Test	Specification	Tolerance
Appearance	Straw to amber liquid	Product will darken over time
Odour	Characteristic	Characteristic
pH**	TBC	TBC

**pH final specification subject to change following full accelerated stability testing.

Product Analysis:

Analysis	Specification
Protein	1.0%
Fibre	<0.50%
Ash	5.00%
Oil	<0.50%

Shelf Life:

24 months from date of manufacture.

Storage:

Keep out of reach of children

Store in a cool dry place, out of direct sunlight between 5-25°C

Do not freeze

Additional Information:

B/N and expiry information to be placed on neck of can.

Packaging:

Primary packaging: 5lt HDPP Plastic & 1lt Eclipse Visistrip bottles
